

American Service Network Corporation

Company Overview

The American Service Network Corporation ("ASN") is a professional services firm. Providing contract solutions to the DoD, federal agencies, the intelligence community and commercial enterprises for over 22 years. We have a significant track record providing a full range of human capital solutions specializing in: Information technology, financial management, program management, subject matter experts, engineering, logistics, security and administrative support services. We have a Top-Secret Facility Clearance and support CONUS & OCONUS staffing. CEO, Reni Keith has over 30 years of industry experience. She oversaw government contract programs—both overseas and domestically—for one of the largest staffing agency in the world. Today, she brings her expertise as a small, woman owned business to clients and job seekers. ASN's number one priority is our client's satisfaction and mission success. We have served a number of customers across a variety of sectors and now *We look forward to serving you!*

Experienced

Department of the Navy (NAVSEA):

Performing as a prime subcontractor to BAE, ASN provides engineers, IT technicians and cyber security specialists in support of AEGIS TechRep. ASN technicians assess and validate total ship combat system design by providing a means of conduct of engineering development, testing, and evaluation, to monitor production of, and to accept the Aegis Weapon system, Aegis Combat System, and Aegis Ballistic Missile Defense for U.S. and foreign navies, to integrate and test combat systems equipment and computer programs, and to evaluate operational suitability.

Department of the Army (Army Reserve):

Provide engineering and professional services at Fort McGuire Joint Base Command. Servicing Ft. Dix, McGuire AFB, and Lakehurst NAVSEA ("JBMDL"). A task order driven, ID/IQ contract designed to provide a full range of technical, professional and engineering services to support a broad range of military technical, environmental, engineering, planning and general Base Operation activities (BASOPS) for mission and business functions across the Army Joint Base Command and at other geographically diverse sites. Key services include:
